

Community Grant Focus Area Checklist:

☒ Pick at least 2 **Focus Areas** from this column.

☒ **Where listed, choose at least one** from this list that your proposal will impact.

☒ Columbia Gorge Regional Community Health Improvement Plan (CHIP).

1.2 SENSE OF COMMUNITY

- Sense of community - Emotional connection to community and sense of belonging to community
- Social support - Percentage of people noting they have adequate social support from partner, family, and friends
- Clients indicate organizations have knowledge of community resources and able to refer appropriately

3.1 BUILT ENVIRONMENT/PHYSICAL CONDITIONS

- Housing affordability - Percentage of families spending 50 percent or more of monthly income on housing costs for either rent or mortgage
- Access to healthy foods - Percentage of population with limited access to healthy foods
- Youth safety - Percentage of middle and high school students who reported feeling safe in their communities and schools
- Equity in physical activity opportunities based on obesity rates across elementary schools.
- Mobility and Transportation – percentage who have safe access to sidewalks, bike lanes, bus or transportation

4.1 ACCESS

- Access to comprehensive primary care - Percentage of population (regardless of insurance) who utilize a comprehensive patient-centered primary care home health system
- Access to stable health insurance - Percentage of population, with stable health insurance, or no change in the source of health insurance
- Access to mental health services - Percentage of people who report having mental health or substance abuse problems, and who received treatment
- Routine dental care - Percentage of people who report a dental visit in the calendar year
- Reduction in the number of times a client unnecessarily repeats their information across organizations

☒ Transformation Plan topic deliverables.

- Integration of mental health, physical health, addictions and dental health
- Obtaining, maintaining or increasing Patient-Centered Primary Care or Medical Home certifications
- Health Information Technology
- Member communications and outreach are culturally appropriate
- Culturally diverse healthcare workforce

☒ Innovative ideas that improve current or future Quality Incentive Metrics (QIMs)
